PRICE LIST

Fall 1947 - Spring 1948

White Empress

Overlook Nurseries

CRICHTON STATION

Mobile, Alabama

NOTICE

* * *

This is our *general price list*. A discount of 20% from prices quoted is offered to those in the nursery and allied trades. Purchasers entitled to this trade discount are requested to use business letterheads or identifying state certificate or license number when ordering.

TERMS OF SALE

PRICES—5 and 50 of the same variety and size priced at 10 and 100 rates respectively.

Trade discount of 20%. Special discounts given for B&B stock in truck and car-load lots.

Additional charges will be made to the listed prices when customer marks or selects plants in the nursery.

TERMS OF PAYMENT—Cash with order for immediate shipment. No packing charges. C. O. D. orders accepted with a 25% deposit of purchase amount. Orders will be booked and reserved for future delivery when accompanied with a deposit.

MINIMUM ORDERS—We will not accept orders for less than \$5.00 in amount.

TRANSPORTATION—Please state on orders method of shipment desired, whether by parcel post, express, motor freight or railroad freight. When no instructions are given, shipment will be made by the most practical means.

For parcel post shipments be sure to remit amount sufficient to cover postage.

Our responsibility ceases upon delivery to forwarding companies; claims for damages in transit are to be made upon the latter.

LIABILITY—We will not be liable for injury to or loss of stock from any cause beyond our control. We give no guarantee that our stock will live and grow, but we do guarantee our stock to be well rooted, well grown, true to name and properly packed and prepared for shipment. Claims for shortages or errors must be made immediately upon receipt of shipment.

Remarks:

- (C) Indicates cutting grown, (S) Seedling,
- (T) Transplanted, (B&B) Balled and Burlapped,
- (BR) Bare roots

CAMELLIA JAPONICA

The Camellia Japonica has long been acclaimed the "Aristocrat of the Southern Garden" and has in recent years gained popularity in the floral trade. Blooming at a time when the garden is otherwise barren and its great range of forms and colors make the Camellia Japonica the most sought after plant today.

Camellia grows in almost any soil, but well drained good garden soil a little acid in reaction is more suitable. A semi-shady location is preferable, especially when the plants are young. Free blooming cannot be expected in complete shade.

The root system of the Camellia is rather coarse and does not transplant as easily as the Azalea. Being a gross feeder, it responds well to fertilization. At the time of planting, if the soil is not fertile enough, use a mixture of one-half of garden soil, one-fourth of well-rotted stable manure and one-fourth of peat or leaf mold. Every winter or early spring apply well rotted cow manure, bone meal or cotton seed meal or similar commercial fertilizer. Mulching with half rotted leaves or peat is also beneficial. As the Camellia thrives in a humid atmosphere attention should be given to watering. Frequent syringing on the leaves helps a great deal during the dry summer months.

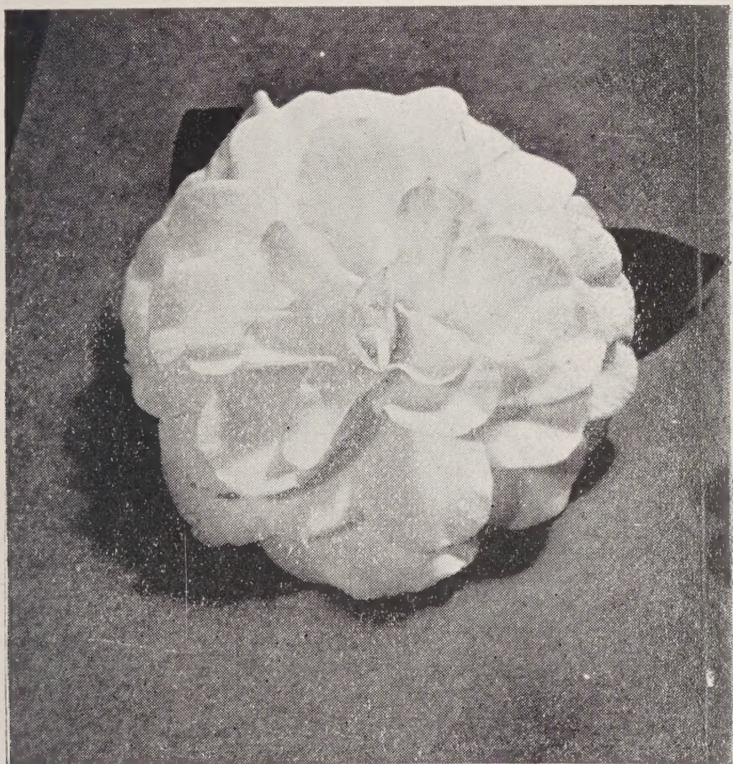

Proper pruning is also essential; water shoots, dead or injured branches and branches growing too close together should be pruned with care. General pruning should be done during the month of February so as to have the least effect on the flower buds.

Red spider and various scales may attack Camellias, but can be easily controlled. We have been using "Volck, Jr" or "Florida Volck" at the ratio of 1 to 50, adding one to two teaspoonful of Black Leaf Forty to every gallon of solution. Avoid, if possible, spraying in the late Fall or during the winter as a severe freeze causes much damage. This is especially true when an oil spray is used.

SAWADA'S CAMELLIAS

For the past twenty-five years, our Mr. K. Sawada has devoted much of his time to the growing of Camellias and to the development of new varieties. His untiring efforts in this enterprise have been well rewarded for during the last 8 or 9 years, we have introduced 26 varieties of his new Camellias. They are all outstanding in every respect and are today some of the more popular varieties in collections throughout the country. Many of these new varieties have rated the highest honors and wide-spread admiration in the Camellia exhibits and shows during the past several years.

MRS. K. SAWADA (U. S. Patent #481)

Mrs. K. Sawada

This beautiful Camellia was named in memory of the late Mrs. Sawada, who devoted much of her time and assisted in the development of many of these new varieties.

Flower is full double, gardenia type, imbricated. 3-3½ inches in diameter, consisting of 70 to 100 petals. Delicate pink, shaded on white. Flower resembles Lady Humes Blush somewhat, but is slightly larger in size.

OVERLOOK VARIETIES Continued

Blooms heavily from February to March. As a cut flower has exceptionally good lasting quality. Leaves small and of fine texture. Vigorous, up-right grower, very compact with long slender branches. Highly resistant to freeze.

For florists, an ideal flower for corsage work.

K. SAWADA (U. S. Patent #431)

The outstanding Camellia developed by us. Flowers pure white, very double and fully imbricated. Usually 4-5 inches in diameter, but often much larger. Has 50-70 petals, the edges of which are rolled inward and are symmetrically overlapping each other. When fully opened, flower sometimes shows a few small petalets or yellow stamens in the center. Blooms heavily and freely from January to March. Leaves are medium in size and thickness, elliptical to lanceolate, serrated and dark leathery green. Growth is very vigorous, semi-upright and very compact and symmetrical.

Camellia K. Sawada
(U. S. Patent #431)

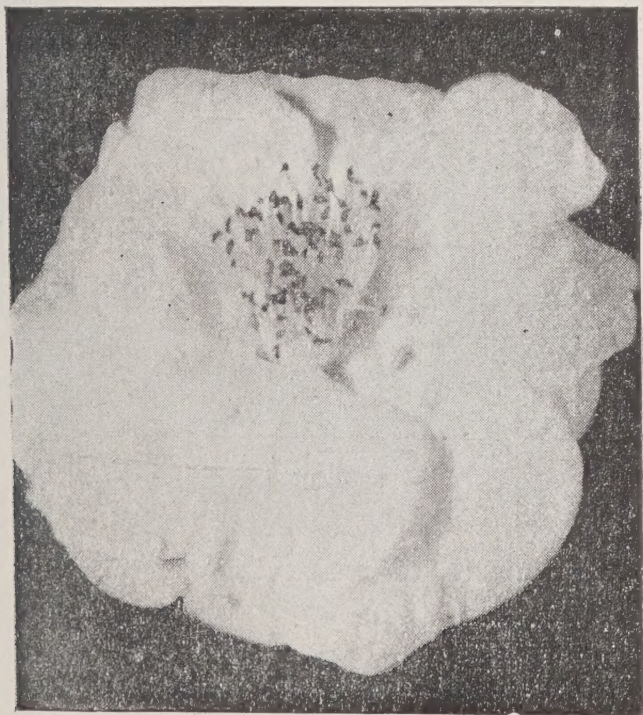

Prices on the above two Camellias:	Each	10
6-8" from pots	\$ 2.50	\$20.00
8-10" from pots	3.00	25.00
10-15" B&B	5.00	45.00
15-20" B&B	7.50	65.00
24-30" specimens, B&B	20.00	
30-36" specimens, B&B	25.00	
3-4' specimens, B&B	35.00	
K. Sawada also available in grafts:		
12-15" one year field graft	12.50	
15-20" one year field graft	15.00	
20-24" one and two year field graft	20.00	
24-30" two year field graft,	\$25.00-\$30.00 each	

Write us for particulars on license to reproduce by cuttings or grafting our two patented varieties.

ROBERT NORTON (*Our Seedling #156*)

Large semi-double flower, usually 4-5 inches in diameter. Composed of 17 large and thick obovate petals and numerous stamens. White with one or two narrow pink stripes. Leaves medium to large, obtuse and of leathery texture. Blooms early.

6-8", 12-15"G, 24-30"G.

Camellia Robert Norton
Overlook 7 Nursery

OVERLOOK VARIETIES Continued

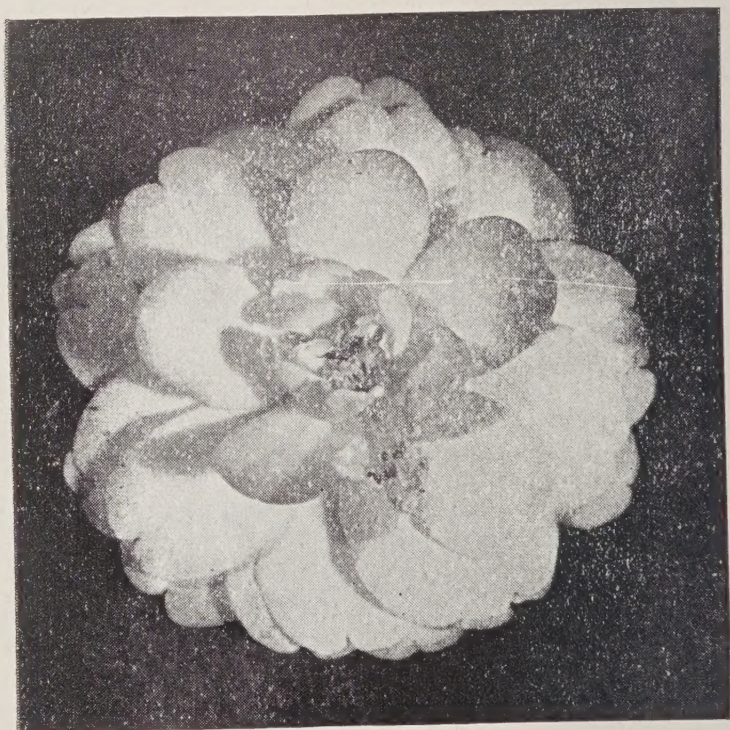

ROSE MALLOW (*Our Seedling #126*)

Formerly called Pink Hibiscus. Very large semi-double of the mallow type, often 6 inches in diameter. Composed of 16 large broad petals, somewhat creped in texture. Soft pink with darker veins. Late bloomer. Leaves roundish and extra large.

6-8", 12-15"G, 24-30"G.

ROYAL WHITE (*Our Seedling R*)

Very large, 4-5 inches across. Some full double, imbricated, while others semi-double with yellow stamens. Pure white; blooms very late. Leaves large, round and thick. Low and compact in growth.

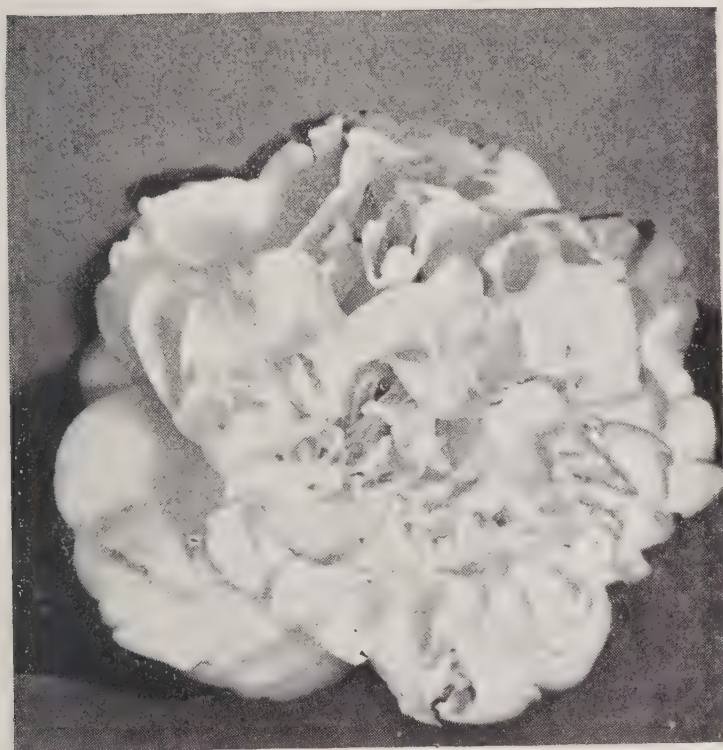

Royal White

VICTORY WHITE (*Our Seedling D*)

Semi-double peony type, measuring 4-5 inches in diameter. Pure white with numerous small petaloids intermixed with yellow stamens at the center. Blooms heavily mid-season.

OVERLOOK VARIETIES Continued

Victory White

WHITE EMPRESS (Our Seedling M)

Very large semi-double, 5-6 inches across. Flower pure white, but the massing of stamens give it a yellowish glow in the center. Blooms early.

WHITE GIANT (Our Seedling C)

A very large semi-double pure white, often measuring over 6 inches. In shape, color and size closely resembles Lotus, but this seedling blooms much more freely than the latter. Blooms mid-season. Leaves very large and extra dark, shiny green, occasionally variegated with white. Very vigorous upright grower.

6-8", 8-10", 12-15"G. 24-30"G.

Prices on above 6 varieties:		Each	10
6-8" from pots	-----	\$ 2.50	\$20.00
8-10" from pots	-----	3.00	25.00
10-15" B&B	-----	4.50	40.00
15-20" B&B	-----	6.00	50.00
12-15" one year graft	-----	10.00	
15-20" one year graft	-----	13.00	
20-24" 1 and 2 year graft	-----	16.00	
24-30" 2 and 3 year graft,	-----	\$20.00-\$25.00	

White Giant

Blush Hibiscus

Overlook 10 Nursery

OVERLOOK VARIETIES Continued

BLUSH HIBISCUS (*Our Seedling B*)

Very large single to semi-double. Resembles the giant Mallow Hibiscus. White with blush pink in the center, very beautiful. Very vigorous grower with large dark green leaves.

IMURA (*Our Seedling #12*)

Semi-double flower 5-6 inches in diameter, consists of 15 large petals of a snowy white porcelain texture and numerous yellow stamens in the center. Anthers are very large and shaped like an arrow or spear, very distinct from other varieties. Blooms mid-season. Leaves large, narrow and long, smooth and very shiny dark green. 6-8", 8-10", 12-15"G to 30-36"G

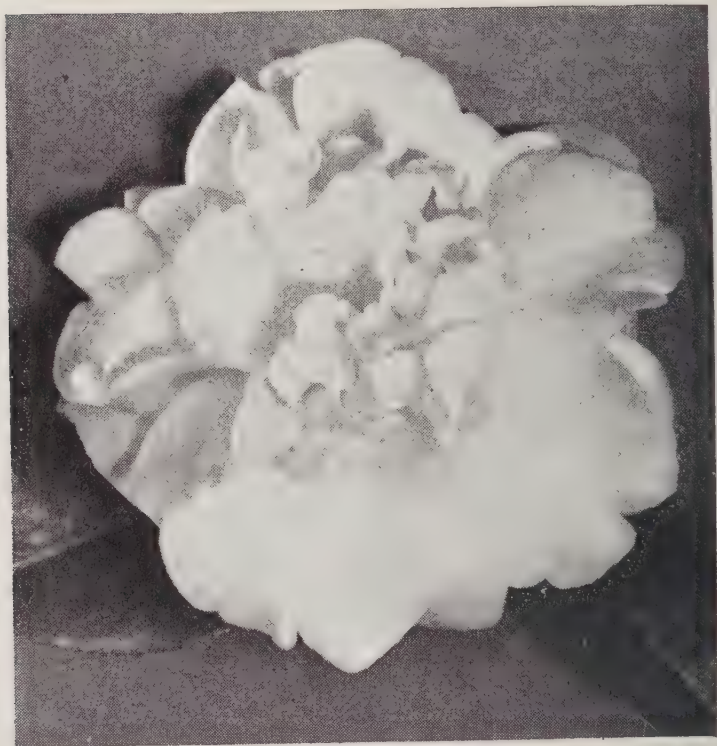

Camellia "IMURA"

LIBERTY BELL (*Our Seedling L*)

Pure white, semi-peony formed flower measuring 4-5 inches. A prolific bloomer and has one of the longest blooming periods. Semi-upright and vigorous grower.

6-8" to 15-20"; 12-15"G to 30-36"G

Liberty Bell

PINK SARA-SA

Sport of our seedling Sara-Sa. Solid salmon pink, semi-double.

6-8'' to 15-20''; 12-15''G; 15-20''G

RED HIBISCUS (Our Seedling I)

Deep pink to red, usually semi-double in form, but often stamens change to small petalets forming a flower of peony type. Measures 4-5 inches. Leaves are stiff and serrated and borne on strong up-right branches. Blooms early.

6-8'' to 15-20''; 12-15''G to 24-30''G

Red Hibiscus

SMILING BEAUTY (Our Seedling J)

Semi-double, 3½-4½ inches in diameter. Composed of 14-16 obovate petals of a most pleasing and distinctive delicate pink which is slightly deeper in color than Magnolia-Flora.

VICTORY MAID (Our Seedling V)

Very late bloomer. Medium sized flowers; some full double, imbricated, others semi-double with yellow stamens. Pure white. Excellent for corsages. Leaves small and thin; growth very compact.

6-8", 8-10", 12-15"G, 15-20"G

WHITE HIBISCUS (Our Seedling O)

Single to semi-double, 4-5 inches. Petals long and narrow and snowy white. Resembles closely the variety Imura, but differs in having fewer petals that are more simply arranged. An early bloomer, usually December. Leaves long, narrow and crinkled and borne on long slender twigs.

6-8" to 15-20"; 24-30"G

OVERLOOK VARIETIES Continued

WHITE KING (Our Seedling K)

Semi-double 4-5 inches in diameter. Petals thick and large, of a porcelain texture. Snowy white with numerous yellow stamens. Leaves thick and large.

6-8", 8-10", 12-15"G to 24-30"G

WHITE QUEEN (Our Seedling A)

Very large semi-double flower, sometimes measuring over 6 inches. Petals pure white, somewhat small and pointed at the tips. Mid-season to late.

6-8", 8-10", 12-15"G, 24-30"G, 30-36"G

White King

Prices on the above varieties:

	Each	10
6-8" from pots	\$ 2.25	\$17.50
8-10" from pots	2.75	22.50
10-15" B&B	4.00	37.50

20-24" B&B	9.00	
12-15" one year graft	9.00	
15-20" one year graft	12.50	
20-24" 1 and 2 year graft	15.00	
24-30" 2 and 3 year graft	18.50	
30-36" 2 and 3 year graft,	\$25.00-\$30.00	

OVERLOOK VARIETIES Continued

LURIE'S FAVORITE (Our Seedling #172)

Semi-double, 4-5 inches in diameter. Has 16-18 petals which are crinkled and of crepe paper texture. Soft lavender pink with darker veins. Blooms abundantly in mid-season. Leaves very small, roundish, smooth and very shiny dark green. Compact grower.

6-8'', 24-30''.

Lurie's Favorite

Queen Bessie

QUEEN BESSIE (*Our Seedling #127*)

Semi-double, $3\frac{1}{2}$ - $4\frac{1}{2}$ inches in diameter. Large wavy petals and numerous yellow stamens. Clear white with faint flushes around the center presenting a very soft and delicate appearance. One of our best hybrids. Blooms late season. Rapid grower with large dark green leaves.

RISING SUN (*Our Seedling #177*)

One of the best single flowered Camellias that we have. Flower 4-5 inches in diameter, opens flat showing 6 large petals and numerous yellow stamens. Bright crimson red of velvety softness. Anthers bright yellow, filaments pink.

6-8", 15-20", 20-24".

SARA-SA (*Our Seedling #119*)

Semi-double, 4-5 inches in diameter. Has 12 large petals and yellow stamens at the center. Flesh color dotted and striped with darker pink. Blooms mid-season. Large leaves; very vigorous grower. 6-8" to 15-20".

OVERLOOK VARIETIES Continued

FRIZZLE WHITE (Our Seedling #128)

Semi-double, 4½-5½ inches, with very wavy crinkled petals intermixed with numerous yellow stamens. Resembles Super Nobilissima, but is much larger. Pure white. Leaves small, narrow and pointed.

Frizzle White

HERMESPORT (Beauty of Holland)

We originated this variety from Herme and have closely observed the blooms of this sport for years. The characteristics of this sport are firmly established. Flower very large, 4-5 inches, semi-double peony type, much heavier than the parent Herme. Very beautiful dark crimson with white spots. 6-8" to 10-15".

Hermesport

SHIRO-BOTAN

One of our seedlings from the group planted in 1931. Flower large, semi-double, somewhat of a loose peony type, pure white in color. Unique with its cup and saucer form before opening fully. Variety also called "Wonder Grow" because of its fast and vigorous growth, excellent variety for grafting understock. 6-8", 8-10", 20-24", 24-30".

TRICOLOR SUPERBA (*Our Seedling #158*)

Semi-double flower much larger than the ordinary Tricolor. Consists of 12-15 large petals and numerous yellow stamens. Color varies from nearly white to solid red, but the majority of them are white striped with red, or a light pink with white margin like the Herme.

6-8", 10-15"

WHITE PINE CONE (*Our Seedling #179*)

Semi-double, 3-4 inches in diameter with 16 narrow pointed, incurved petals. Quite different from all others in shape, resembling a pine cone before it opens. Pure white, blooms late. Leaves large and thick. Rapid grower and very hardy. 10-15" to 24-30".

Prices on the above 9 varieties:

	Each	10
6-8" from pots -----	\$ 2.00	\$15.00
8-10" from pots -----	2.50	20.00
10-15" B&B -----	3.75	35.00
15-20" B&B -----	5.00	45.00
20-24" B&B -----	8.00	
24-30" B&B -----	12.50	

Grafts available:

Hermesport 12-15" -----	7.50
Lurie's Favorite 20-24" graft -----	15.00
24-30" graft -----	17.50
Sara-Sa 30-36" graft -----	22.50

PEARL HARBOR

One of the best seedlings from Middleton Gardens. Very large flower, full double, well imbricated, bright red in color. Petals slightly smaller and more in number than Mathotiana (Purple Emperor). Vigorous grower with stocky stems and large leaves. 12-15" grafts to 20-24" grafts.

VILLE DE NANTES

Most talked about and sought after variety today. Ours are propagated from plants bearing blooms with more white variegation and showing more fimbriated petals. 10-15", 12-15" and 15-20" grafts.

Price on these two varieties:

	Each
10-15" one year graft on small understock -----	\$ 6.50
12-15" one year graft -----	12.50
15-20" one year graft -----	15.00
20-24" one year graft -----	20.00

RARE CAMELLIAS

RARE GROUP I

ADOLPH AUDUSSON RED

Very large semi-double, deep red, with heavy textured petals. 6-8", 8-10", 12-15"G.

ADOLPH AUDUSSON VARIEGATED

Very large semi-double, resembling Nagasaki. Deep red, marbled with white. Blooms mid-season. 12-15"G to 24-30"G.

Adolph Audusson Variegated

BESSIE MORSE BELLINGRATH (Toki-no-hagasane)

Large semi-double, flesh pink. 6-8", 12-15"G.

DONCKELARI (True Type)

An old variety that is still very scarce and most highly admired. Very large flower, 5-6 inches in diameter consisting of 18-20 large petals and numerous yellow stamens. Dark crimson red mottled with white. Blooms mid-season. Slow grower with small foilage.

6-8", 12-15"G.

Donckelari—(True Type)

DONCKELARI EUGENE LIZZE (Lady Jane Grey)

Semi-double flower, generally loose peony type, 4-5 inches in diameter. Beautiful cherry red, well marked with white. Small foliage, slow grower.

6-8", 12-15"G, 24-30"G.

DONCKELARI (Tea Garden Type)

Same type of flower, foliage and habit of growth as the Georgia type Donkelaari, but this strain usually has more white variegation. 6-8", 12-15"G, 15-20"G 30-36"G.

DUCHESS OF SUTHERLAND

Large semi-double, pure white except one petal is marked with a narrow pink stripe. Very free bloomer during mid-season. 6-8" to 10-15", all size grafts.

ELEANOR HAGOOD

Medium to large, very double, pale pink. Few stamens when open. 6-8" 8-10", 12-15"G, 15-20"G.

RARE GROUP I Continued

ELIZABETH BOARDMAN

One of the best white camellias from Magnolia Gardens. Large semi-double flower with golden stamens. Blooms mid-season. 6-8", 12-15"G.

FIRE-GOLD (Dr. Shepperd)

Very large flower of semi-double to loose peony type. Crimson carmine. Blooms mid-season to late. 6-8", 15-20"G, 20-24"G.

HAKURAKUTEN

Large semi-double. Pure white. 6-8", 8-10", 12-15"G.

HAKUTSURU (White Crane)

Large white, semi-peony type. 6-8", 12-15"G, 15-20"G.

IWANE-SHIBORI

Very beautiful large semi-double flower, variegated bright red with large white blotches. 12-15"G, 15-20"G, 24-30"G.

JESSICA

A Georgia variety. Large semi-double of the Hibiscus type. Bright red. Vigorous upright grower. 6-8", 10-15", 15-20"; 12-15"G, 15-20"G.

La Reine Variegated

RARE GROUP I Continued

KISHU-TSUKASA (Admiral Nimitz)

Large Tyrian pink with occasional petal mottled white. Imbricated, opening flat. 6-8", 12-15"G, 15-20"G.

LA REINE VARIEGATED

Semi-double, large often measuring over 6 inches. Deep pink or red of slightly margentea casting blotched with white spots.

6-8", 12-15"G, 15-20"G.

LINDSEY NEIL

Semi-double and loose peony types, 4-5 inches in diameter. Variegated dark red and white. Low spreading growth. 6-8", 8-10", all size grafts.

LOTUS (Scde-gakushi)

Semi-double. Opens like a lotus flower with numerous yellow stamens. Pure white. 6-8", 24-30"G, 30-36"G.

MAGNOLIA FLORA

A great favorite among Camellia lovers. Semi-double medium to large. Color beautiful delicate shade of blush pink. 12-15"G, 30-36"G.

Magnolia King

Overlook 23 Nursery

RARE GROUP I Continued

MAGNOLIA KING

Same variety as the Gigantea, but our strain produces more peony type flowers and shows more white variegation. 6-8", 15-20"G to 30-36"G.

MARIAN MITCHELL

Very large semi-double scarlet red. Blooms in late season. 12-15"G, 15-20"G.

MARTHA BRICE

A new variety, a seedling from Quitman, Georgia. Semi-double loose peony type. Delicate soft pink. Blooms mid-season. Leaves very large, roundish, of rather thin texture, deeply serrated.

Camellia. Mena Ladnier

RARE GROUP I Continued

MENA LADNIER (Duncan Bell)

Full double, 4½ inches across. Peony form, brilliant blood red color, occasionally bears flowers slightly marked with white or solid pink. Blooms mid-season. Vigorous grower with thick, heavy coarse branches. Leaves large and dark shiny green. 6-8" to 15-20", 24-30"G, 30-36"G.

MME CHIANG KAI SHEK

Large semi-double flower of the Donckelari type. Dark red beautifully marked with white. 6-8", 12-15"G, 15-20"G.

MRS. CHARLES COBB

Large semi-double, loose peony type. Dark crimson red, almost black. 6-8", 8-10", all size grafts.

PINK GLORY (Pink Finlandia)

Semi-double pink showing golden stamens. 6-8", 15-20"G to 24-30"G.

REV. JOHN BENNETT (Magnolia Garden Type)

Semi-double, very large flower measuring 5-6 inches across. Beautiful salmon pink, blooming mid-season to late. 6-8" to 10-15", 12-15"G. 30-36"G.

Rev. John Bennett
Overlook 25 Nursery

RARE GROUP I Continued

ROSEA SUPERBA

Flower and foliage very closely resembles Purple Emperor, but is deep pink in color. 12-15"G, 15-20"G, 30-36"G.

ST. ANDRE (McIlhenny)

Semi-double, generally peony type, 5-6 inches. Beautiful crimson-carmine color. Blooms late season. Foliage very large, thick and very dark green. 6-8", 24-30"G.

WOODVILLE RED

Very large brilliant red, peony type flower. Recognized for its size, shape and color. 6-8", 12-15"G to 20-24"G.

Prices on Rare Group I:

	Each	10
6-8" from pots -----	\$ 1.50	\$12.50
8-10" from pots -----	2.00	17.50
10-15" B&B -----	3.00	
15-20" B&B -----	4.50	
12-15" one year graft -----	6.50	
15-20" one year graft -----	10.00	
20-24" one year graft -----	12.50	
24-30" 2 and 3 year graft, -----	\$15.00-\$20.00	
30-36" 2 and 3 year graft, -----	\$20.00-\$25.00	

Donckelari, Tea Garden Donckelari, Hakurakuten, Kishutsukaaa, Rosea Superba and Woodville Red also available in 10-15" grafts on small 4 year understock at \$4.50 each.

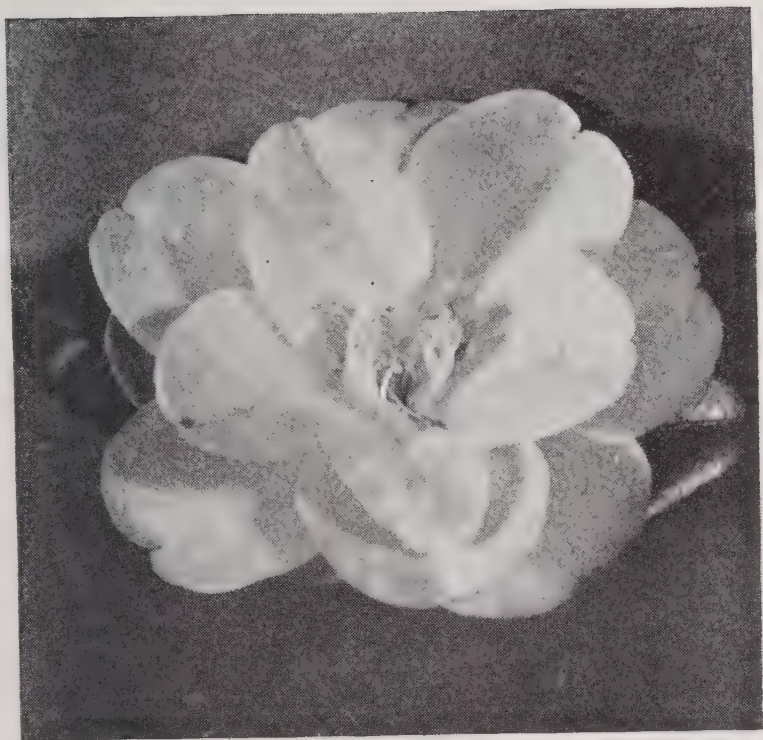

RARE CAMELLIAS GROUP II

AKEBONO

Medium sized, semi-double flower of beautiful light salmon pink. Arrangement of the petals gives this flower a distinctive and different appearance from other Camellias. 6-8", 10-15", 15-20", 20-24"G.

AKEBONO VARIEGATED

Variety with white variegation. 6-8", 10-15", 15-20", 20-24"G, 24-30"G.

Akebono

ARAJISHI (*Aloha*)

Earliest bloomer of all camellias. In this locality starts blooming in August and continues to January. Large peony type resembling Prof Sargent. Early blooms are lighter in color, but later become deep crimson red. Very rapid grower with deeply serrated leaves. 6-8'', 8-10'', 12-15''G, 15-20''G.

ASPACIA (*Emperor Variegated*)

Flower, foliage and growing habit similar to Emperor. Beautifully variegated with white, 6-8'' to 10-15'', 20-24''G, 24-30''G.

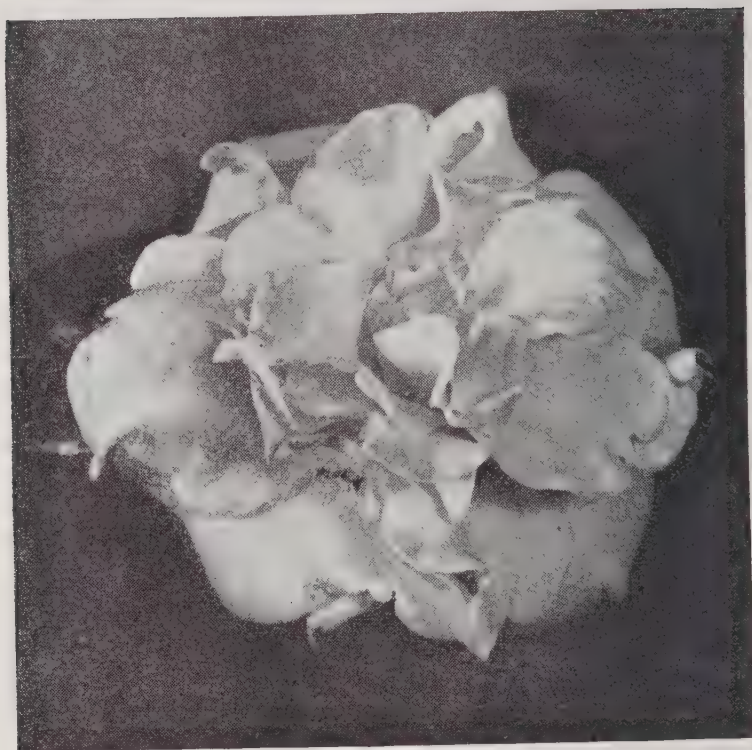

CATHERINE CATHCART

An old, but rare variety. Flower medium in size, full double, imbricated. Delicate pink marbled with white. Large roundish, thick foliage, well serrated. 6-8'', 10-15'', 15-20''.

CHIYODANISHIKI (*Princess Nagaskie*)

Large semi-double pink, marbled with white. Long, dull green foilage, deeply serrated and crinkled. 6-8'', 24-30''G.

RARE GROUP II Continued

Comtesse Nieport

COMPTESS NIEPORT

Full double, peony form, petals very crinkled. Soft pink spotted with faint white. Blooms very freely mid-season. 10-15".

DAIKAGURA

Very early, starts blooming in September. Double, peony form, very large, deep rose in color. 6-8", 12-15"G, 24-30"G.

DAIKAGURA VARIEGATED

Same as above variety, but beautifully variegated with white spots. 6-8", all size grafts.

DEBUTANTE (Sara C. Hastie)

Early bloomer, usually starts blooming before Christmas. Full double peony form. Very delicate soft pink. 6-8" 15-20", 12-15"G.

DR. W. G. LEE

A seedling from Georgia. Large semi-double or nearly single. Dark crimson red. Profuse and dependable bloomer. Slow grower with spreading habit. 6-8"

Daikagura

EMPEROR OF RUSSIA

Large double flower of peony form, dark crimson red. Very large roundish thick foliage. 6-8", 8-10".

EMPRESS (*Lady Clare, Grandiflora Rosea*)

Very large flower, many measuring over 6 inches. Semi-double with large petals, light pink in color. 6-8", 24-30".

EMPRESS VARIEGATED

A sport of Empress. Variegated pink with white. 6-8". 15-20"G, to 24-30"G.

FIMBRIATA ALBA

Resembles Alba Plena, but the edge of the petals of this variety beautifully serrated. 6-8".

FRANCINE

Pink sport of Elegans (Chandler). Heavy peony type flower with a very high center, more so than the ordinary Elegans. 6-8", 10-15", 15-20".

RARE GROUP II Continued

GIGANTEA (*Magnolia King, Kellingtonia*)

Very large flower, 5-6 inches across. Usually semi-double with a large group of yellow stamens in the center. At times the yellow stamens change to numerous petalets, forming a perfect peony flower. Dark crimson marked with white spots. Leaves extra large and thick and very dark shiny green. 6-8", 10-15", 15-20".

GIRARD DE BAILLON (*Colletti Maculata*)

A charming Camellia; not very large but an attractive form of peony type with a combination of brilliant red and white. Slow grower. 6-8", 15-20"G.

GLEN 40

Full double, rose type resembling Col. Firey, but slightly larger in size and more scarlet in color. Leaves are thick and stiff with a dull point. Very slow grower. 6-8", 15-20"G.

H. A. DOWNING

Semi-double flower, very large. Bright crimson to carmine red, sometimes spotted with white. 6-8" to 15-20", 24-30".

HIBISCUS (*Magnolia Gardens*)

Large single flower measuring 5 inches. Composed of 6 large petals and numerous stamens formed cylindrically at the center. Deep pink. 6-8", 10-15", 15-20".

JACKSONII

Sport of Gigantea. Similar to Gigantea, but blooms are nearly all solid red with little variegation. 6-8", 15-20", 20-24".

KAGIRI (*Dante*)

Flower small to medium in size, imbricated with many small pointed white petals. Full double but irregular as some late blooms show yellow stamens. 6-8", 10-15", 15-20".

LADY HUMES BLUSH

Famous and rare old variety. Full double rose type, white with delicate flesh pink. Excellent for corsages. 6-8".

RARE GROUP II Continued

LAUREL LEAF

Very large full double, imbricated, with petals reflexing and overlapping each other symmetrically. Color widely ranges from light salmon pink to deep rose, usually blotched with white. Leaves narrow and pointed like a Laurel. 6-8", 8-10", 12-15"G, 15-20"G.

MARCHIONESS OF EXETER

Full double peony type of soft pink. Blooms mid-season. 6-8", 24-30".

MARGHARITA CALEONIE

Medium size flower. Full double, imbricated. Variegated bright red with white. 6-8", 10-15", 15-20".

MATHOTIANA (*Purple Emperor*)

Very popular and a favorite variety. Very large, 5-6 inches, imbricated. Dark crimson red with a purplish casting.

MATHOTIANA VAR. (*C. M. Hovey, Paulina*)

Very large flower, full double, imbricated. Dark crimson red marbled with white. When fully open, especially of late season, it shows some yellow stamens. Closely resembles *Purple Emperor*; probably a sport of the latter. 6-8" to 15-20", 20-24"G.

MATSUKASA

Differs from all other Camellias. Its cylindrical shape with narrow and pointed petals resembles closely the Southern pine cone. Rose red color speckled with white. Slow grower. 6-8", 12-15"G to 20-24"G.

NAGASAKI

One of the largest flowered Camellias, measuring 5-6 inches. Semi-double, color usually white on soft pink background. Blooms early to mid-season. 6-8" to 10-15", 12-15"G.

PEONYFLORA

Large peony form, white striped with a few red lines. Leaves large, roundish and thick. 6-8".

PINK BALL

Medium sized, peony form. Round shaped flower of soft pink. Leaves large, well serrated, light green. 6-8", to 15-20", 20-24"G.

RARE GROUP II Continued

PINK STAR

Large peony type flower of bright rose-pink. Outer row of petals form a somewhat star-like appearance. Blooms mid-season. 6-8" to 10-15".

PRIDE OF GREENVILLE

(Local name). Very large full double, peony form. Bright red in color. Blooms mid-season. Upright grower. 6-8" to 10-15", 24-30".

Pride of Greenville

PURPLE PEONY (William Penn)

Semi-double peony type of medium size. Very dark crimson to deep purple color with large white blotches. Slender branches somewhat drooping. Some leaves deeply serrated. 6-8", 10-15", 20-24", 24-30".

ROSE DAWN

Was introduced by a Mobile Nursery. Large full double, imbricated. Rose pink. Vigorous grower with slender branches. 6-8" to 15-20".

RARE GROUP II Continued

SNOWDRIFT

There are two strains sold under this name. This is the superior strain; flower medium to large, semi-double, snowy white. Very free bloomer. 6-8", 10-15", 15-20".

VEDRINE

Semi-double to double peony form, 4-5 inches across. Brilliant red shading into a deep crimson of a velvety tone. Blooms mid-season. 12-15"G, 20-24"G, 24-30"G.

Vedrine

VICTOR EMANUEL

Very choice Camellia. Very large loose peony shaped flower 5-6 inches in size. Deep velvety red and most exquisite. Blooms late. 6-8" to 24-30".

STANDARD CAMELLIAS

GROUP I

ALBA SUPERBA

Large semi-double pure white. 6-8", 8-10".

AUGUSTA WILSON (*St. Elmo*)

Very double peony type 3½ to 4 inches in diameter. Soft pink with some flowers marked with faint white spots. Blooms in December. Leaves large, thick and roundish. 6-8".

ALBA PLENA

Full double, pure snowy white. One of the best whites, but does not stand extreme winters in this locality. 6-8".

BRILLIANT

Medium to large full double rose type, brilliant red. Compact grower. 6-8".

CHANDLERI ELEGANS

Semi-double to double peony type flower. One of the largest flowers of Camellia, pretty cherry red with white variegations. Blooms mid-season. Slow in growth. 6-8".

C. M. HOVEY (*Col. Firey*).

Bright red to deep vermillion red, 4-5 inches in diameter with 90-100 symmetrically overlapping petals. Blooms mid-season to late. 6-8", 8-10".

C. M. HOVEY VARIEGATED (*Col. Firey Var, Scarlett O'Hara*).

Full double, imbricated flower variegated red and white. Very late bloomer. 6-8".

DAINTY

Single, 3-3½ inches, bell shaped. Has 5 petals of soft pink and numerous yellow stamens. 6-8", 8-10".

GOVERNOR MOUTON

Famous variety from Louisiana. Large peony type, Oriental red marked with white spots. Free bloomer mid-season. 6-8", 8-10", 24-30", 30-36".

KUMASAKA

Large peony type flower of deep pink, 6-8", 24-30", 30-36".

STANDARD GROUP I Continued

MARY E. M.

From Jungle Gardens. Large salmon pink flowers, semi-double. Midseason to late. Vigorous grower and free bloomer. 6-8", 8-10".

MATHOTIANA ROSEA

Sport of Mathotiana Alba. Produces large full double, rose type flowers of flesh pink. 6-8".

MONARCH

Peony type flower of deep pink often spotted with white. Blossoms often measure 6 inches. 6-8".

MONJUSU RED

Semi-double, medium size flowers of brilliant carmine red with a satin-like sheen. Very compact with small, glossy, extra dark green leaves. 6-8", 24-30".

MONJISU VARIEGATED

Identical with Monjisu Red excepting variegation of white blotches. 6-8".

MRS. F. L. GIBSON

One of the best varieties for landscape planting. Flower single, medium in size. Color generally white striped with narrow red lines, sometimes producing solid red flowers. Blooms freely from early to mid-season withstanding severe weather conditions. Very vigorous grower with slender branches and very small foliage. 6-8", 20-24", 24-30".

PANACHE

Medium size flower of double to semi-double informal type. Beautiful blend of pink and ivory white. Blooms early. 6-8".

PINK HERME

Like Herme except flower is solid deep pink in color. 6-8".

PRESTON ROSE

An old variety, yet much appreciated today. Flower medium to large, peony form of beautiful pink. Blooms early and freely. 6-8".

PURITY

Pure white, full double flower with open center. 6-8".

STANDARD GROUP I Continued

RHAPSODY

From California. Large semi-double flower of a pretty pink color. Vigorous upright grower. Blooms early to mid-season. 6-8", 20-24".

SEMI-DOUBLE BLUSH

Beautiful flower, medium size, of a very pleasant blush color. 6-8".

SWEETI VERA

Large semi-double peony type. Flesh pink marked by small stripes or dots of deeper pink. Blooms early to mid-season. 6-8".

TEUTONIA WHITE

TEUTONIA LIGHT PINK

TEUTONIA DEEP PINK

Full double rose types. Tips of the petals curve inward and petals overlap each other symmetrically. Grows very slowly and compactly. Flowers white faintly striped with pink, flesh pink with darker stripes, and deep pink with darker stripes. 6-8", 20-24" to 30-36".

WATERLOO (*Ethrington's White*)

Large semi-double, pure white. Leaves small, very glossy green. 6-8".

Prices on Standard Group I:

	Each	10
6-8" from pot	\$.65	\$ 5.50

30-36" B&B	6.50	60.00

Prices on large specimen stock given upon inquiry.

STANDARD GROUP II

AMABILIS

Single with roundish petals and heavy center of yellow stamens. Medium to small, white 6-8".

ANNA FROST

Semi-double, large loose peony type, dark blood red. Large, round and thick extra dark green leaves. 6-8", 8-10".

STANDARD GROUP II Continued

BELLE ROMANA

Full double, 3-3½ inches, made up of 70-80 petals. Very soft pink striped profusely with dark crimson. 6-8".

BLACK PRINCE (Kuro-tsubaki)

Deep crimson-carmine, nearly black in color. Flower medium, rose type, imbricated with a few yellow stamens in the center. 6-8", 8-10".

CAMEO PINK

Full double, rose type flower of medium size. Color light pink. Very desirable cut flower. 6-8", 8-10".

CANDIDISSIMA

Very double flower of medium size. Petals overlap each other symmetrically forming a star. Pure white, late season. 6-8".

COUNTESS OF ORKNEY

Large, very double rose type. Usually white with pink stripes, but sometimes solid pink blooms appear on the same bush. Slow and compact growth, but blooms very young. Fine variety for pot culture. 6-8".

DERBYANA (J. G. Peonyflora)

Very large flower blooming late season. Semi-double to double peony type. Dark crimson in color. Vigorous grower. 6-8", 8-10".

ELLEN McKINSEY

Flower medium to large, peony type, dark, dark crimson spotted with white. Blooms very early, preceded only by Daikagura. 6-8", 8-10".

FLESH PINK PEONY (Daybreak)

One the latest bloomers. Flower medium size, peony type of beautiful flesh pink. Blooms heavily and grows compactly. 6-8".

HARLEQUIN

Formerly called Abby Wilder Pink by us. Full double peony type, medium size, flesh color. Very beautiful. 6-8", 8-10".

HERME

Very large semi-double, variegated pink and white. Generally the margin is white. A very popular variety. 6-8", 8-10".

IMPERATOR

Full double peony type, medium size, brilliant Christmas red. Very attractive. 6-8", 8-10".

IL TRAMONTO

Different from our Laurel Leaf. Flower medium size, full double rose type. Resembles Laurel Leaf, but smaller in size and has large, round, thick foliage. Stocky grower. 6-8".

LADNIER'S RED (*Prince Eugene Napoleon, Pope Pius IX*)

Large flower, very double, bright red to dark red, sometimes spotted with white. Hardy and a free bloomer. 6-8", 8-10".

LADY VAN SITTART

Very large flower, semi-double, of a most pleasant shade of red. Blooms freely mid-season. Very small and narrow pointed leaves, crinkled and very shiny dark green. Upright grower. 6-8", 8-10".

LADY SAUMAREZ

Large single to semi-double flower, brilliant dark red with white spots. Resembles Donkelaari, but smaller. An early and free bloomer. 6-8".

LEE'S PINK

Believed by some to be a pink sport of Elizabeth. However, this variety blooms much earlier than Elizabeth and also opens very well after a severe freeze. Flower medium size, full double, imbricated, pink. An excellent variety for outdoor planting 6-8".

MARIE LOUISE

Double peony type flower of medium size. Pleasant red marked with white. Slow grower and has spreading habit of growth. 6-8"

MATHOTIANA ALBA

Large full double rose type flower, pure white, but occasionally striped with faint pink. Leaves large and thick. 6-8", 8-10".

MONTE

Full double rose type, medium flower. White with a few faint pink stripes. Blooms heavily mid-season. 6-8".

STANDARD GROUP II Continued

OPELOUSAS PEONY (*Althea Flora* by some nurseries)

Peony form flower with light pink and white, occasionally solid pink. 6-8".

OTOME

Full double, flesh pink with darker veins. Much like Pink Perfection. 6-8", 8-10".

PINK MONTE

A sport with solid pink flowers, of the Pink Perfection type. 6-8".

PINK PERFECTION

Most popular variety. Full double, light pink. Early free bloomer. 6-8", 8-10".

PROF. C. S. SARGENT

Full double peony type, tightly formed. Very dark red color. Blooms freely mid-season. 6-8", 8-10".

STILE'S PERFECTION PINK

Formerly called by us—*Rubra Virginalis*. Peony type flower, 3½-4 inches in diameter. Pleasant soft pink color. Early and free bloomer. Small foliage. 6-8", 8-10".

TRICOLOR WHITE

A sport of Tricolor. Pure white semi-double with yellow stamens in the center. 6-8", 8-10".

TRICOLOR SEIBOLDI

Semi-double, variegated pink and red with white. Heavy bloomer and one of the most dependable varieties for outdoor planting. 6-8".

WILLIAM DOWNING

Semi-double flower, large, 4-5 inches with 9 to 12 large, straight thick petals which are purplish pink or red. Very vigorous and highly resistant to cold weather. 6-8".

Prices on Standard Group II:

	Each	10
6-8" from pot.....	\$.50	\$ 4.00
8-10" from pot.....	.75	5.00

Prices on field grown specimen given on request.

STANDARD GROUP III

BROOKLYANA

Very double, medium sized flower. Deep pink mottled with white. Blooms early. Leaves large and thick. Vigorous grower. 6-8", 8-10".

CARNATION (*Rose Emry, Orient, etc.*)

Medium sized peony type flower. Dark red crimson blossoms like carnations. Very hardy. 6-8", 8-10".

CHEERFUL

Double medium sized, rose type. Deep pink, blooms very early. Up-right grower. 6-8".

CAMPBELLI (*Dobreel*)

Medium to large, full double, imbricated. Dark crimson. Late bloomer, very vigorous grower with large thick, dark green leaves. 6-8", 8-10".

DIXIE

Medium sized flower, very double, rose type. Rose pink petals symmetrically formed. 6-8", 8-10".

DUKE DE ORLEANS (*Marguerite Guillon*)

Large peony type. Creamy white striped and dotted with pink and red. Hardy and blooms well. 6-8".

ELATA

Very large semi-double, semi peony type with yellow stamens. Deep rose to carmine color. Blooms mid-season. 6-8".

ELIZABETH

Double, medium size, usually white, but often striped with faint narrow pink stripes. Very strong grower. 6-8", 8-10".

GLORE DE NANTES

Large semi-double, deep rose color. Leaves large, roundish, thick and very shiny dark green. 6-8".

STANDARD GROUP III Continued

JARVIS RED

Large semi-double flower with long crinkled petals. Dark vermilion color. Popular on the Gulf Coast. 6-8", 8-10".

PRINCE ALBERT

Medium sized peony type. Soft lavender like pink spotted with white. Leaves are deeply serrated and light green. 6-8", 8-10".

RUBRA VIRGINALIS

Formerly called Jeanerette Pink by us. More familiar in south Louisiana. Loose peony type, salmon pink. Fast grower. 6-8", 8-10".

SARAH FROST

Very popular on the coast. Dark crimson, full double rose type. Hardy. 8-10".

T. K. VARIEGATED

Semi-double, medim size. Light pink with darker pink margin. Most dependable variety. 6-8", 8-10".

Prices on Standard Group III:

	Each	10
6-8" from pot.....	\$.40	\$ 3.50
8-10" from pot.....	.55	4.50

Prices on large field grown specimen given on request.

CAMELLIA SASANQUA

The Camellia Sasanqua has become widely known and most popular among flower lovers throughout the country. It blooms ahead of the Japonica by several months. Blossoms are of different colors and about the size of the Camellia Japonica. Leaves are much smaller and branches very slender. The use of this plant lends

Camellia Sasanqua "Dawn"

(This picture was taken 10 days after a very severe freeze)

softer tones to landscaping. It also has value as a pot plant.

CLEOPATRA

Semi-double peony type, 3 inches in diameter. Rose pink in color. Very compact grower.

DAWN (*Akebono*)

Hardiest Sasanqua of all, withstands the severest freezes. Its blooms stand perfectly when the buds of other varieties are frozen. Flower single to semi-double ivory white with flesh pink at the margin of the petals and yellow stamens. Leaves small, narrow, dark shiny green. Very compact and symmetrical in shape; slow grower.

Prices on Cleopatra and Dawn Sasankuas:

	10	100
6-8" CT	3.00	25.00
8-12" CT	3.50	30.00

BRILLIANCY

Color is similar to Cleopatra, but flower is single with 7-8 petals. Dark shiny green foliage. Compact upright growth. 6-8".

CRIMSON BRIDE

Flower single, dark crimson red. 6-8", 8-12".

SNOW ON THE MOUNTAIN (*Mine-no-yuki*)

Flower large, double, peony form. Pure white in color. 6-8".

Prices on the above 3 varieties:

	10	100
6-8" CT	2.50	20.00
8-12" CT	3.00	25.00

MAIDEN BLUSH

Single flower of delicate pink. 6-8", 8-12".

WHITE BUTTERFLY

Flower single, white with pink margin. Vigorous grower; desirable for understock for grafting.

Prices on above two varieties:

	10	100
6-8"	\$ 2.25	\$17.50
8-12"	2.75	22.50

The following varieties were selected from among thousands of seedlings grown by us.

MUTT'S WATERMELON PINK

Tall and slender; beautiful watermelon pink flowers.

ROSEA PAPAVER

Large single flower, shape of poppy. Delicate soft pink.

WILLOW LEAF

Leaves very narrow and long. Flower single, white with pink margin. 6-8" only.

ROSEA GRANDIFLORA

Large flower with 7-9 petals. Light, soft pink.

LAVENDER QUEEN

Single, deep lavender pink.

GRANDIFLORA ALBA

Single, very large, 4-4½ inches in diameter. Snowy white.

FLORIBUNDA

Single, white with lavender margin. Blooms heavily, upright in growth.

AZALEAS

Cultural information:

1. Azaleas thrive in acid soil. Use plenty of leaf mold, pond muck or peat moss.

2. Lime or alkaline soil is poisonous. In case Azaleas are to be planted in such soil, remove original soil and use leaf mold or peat mixed with other garden soil free of alkali. Or if alkaline soil is used apply aluminum Sulphate at the rate of one 4 inch pot full to a wheelbarrow of soil.

3. As the azalea root system is very shallow, it dries rapidly. Apply sufficient water to keep roots moist at all times.

4. Azaleas thrive in moist soil, but will not tolerate a water saturated soil condition; so beds should be located or made where surplus water will drain quickly.

5. Azaleas thrive best in partial shade, but many good blossoms cannot be expected if bushes are grown in complete shade. Larger and older plants may be planted in the full sun-light.

6. The azalea is not a gross feeder. If plenty of leaf mold or like organic matter is applied, it does not require any commercial fertilizer. Do not fertilize azaleas heavily as the root system is easily injured. If necessary, lightly apply well rotted cow manure or commercial fertilizers such as Vigoro or Tung Meal.

7. Red Spider and Thrip sometimes bother azaleas. Frequent spraying of the plants with plain water will usually eliminate this trouble, but if necessary, spray or dust with a sulphur mixture.

INDICA AZALEAS

The most popular group of all azaleas along the Gulf Coast region and up to Charleston, S. C. Flowers very large and single in a wide range of colors. Fast growers and develop into large sized bushes.

COCCINEA MAJOR—Brilliant orange red. Compact, very low grower. Liners.

CRITERION—Variegated pink and white. Low grower. Liners, 12-18", 18-24".

DAPHNE SALMON—Light salmon. Upright grower. Hardy. Liners, 10-12", 12-18".

DUC DE ROHAN—Salmon pink. Compact. Liners, 10-12", 12-18".

ELEGANS—Very early pink. Liners, 12-18", 18-24".

FIELDER'S WHITE—Early large white. Liners.

NEW KURUME AZALEAS

FUJI-NO-ASAHI—Flower is hose in hose, medium to large insize. Color: White with faint salmon pink, flushed on the tips of the petals as sunlight would flash on the snowy peak of a mountain. Leaves are large and thick of very shiny dark green. It is a vigorous grower.

HIME-KAGAMI—Medium to small hose-in-hose flower. White with occasional stripes of faint pink. Vigorous and compact grower.

KINTAIYO—Large hose-in-hose type with long white petals which are edged with bright orange. Attractive and distinctive.

KUMOI—Hose-in-hose, medium to large flower with somewhat crinkled petals. Light crimson carmine with less coloring at the throat. Leaves medium to large and shiny green.

MIZU-NO-YAMABUKI—Small, creamy white flower. The only variety of several hundred azaleas producing a yellowish flower.

YAKUMO—Maroon red, hose-in-hose with roundish petals. very compact; leaves roundish.

Prices on New Kurume Azaleas:

	10	100
Liners CT (Spring delivery) -----	\$2.00	\$15.00

MACRANTHA AZALEAS

Varieties belonging to this *Macrantha* group bloom very late, generally in May and June and some throughout the entire summer. Flowers are very large; some are single, some hose-in-hose, while others are full double, all in a wide range of colors. Very compact. Small, glossy dark green foliage, very desirable plant for landscape work. Very hardy.

BENI-KIRIN—Double, brilliant red.

FUJI-NISHIKI—Very large flower with wavy petals. White striped with faint narrow lavender lines.

GUMPO—One of the most dwarf azaleas. Large white flower. Ideal for rock gardens, borders, as well as for pot plant.

IZAYOI—Single, large flowers, 3 inches across. Pleasant flesh pink.

MACRANTHA—Single, clear pink.

MACRANTHA DOUBLE—Clear pink, double.

RED MACRANTHA—Large single flower, dark orange red.

OKINA-NISHIKI—Orange red, hose-to-hose. Blooms twice a year, spring and fall.

SAKURAGATA—Single, dark crimson with large patch of white in the throat.

WAKAEBISU—Large flower with round petals, hose-in-hose, bright salmon pink.

WAKAMATSU—Single, very large flower of delicate purple.

ORIENTAL MAGNOLIAS

There is nothing as gorgeous as the Oriental Magnolia when in full bloom in early spring. It is most highly esteemed in England and has become more popular in the United States in recent years.

MAGNOLIA DENUDATA

Well known as M. Conspicua. Very large white flower, 7-9 inches in diameter. Flower appears in early spring before its leaves come out.

Each

2-3' graft B&B ----- 5.00

3-4' graft B&B ----- 7.50

4-5' graft B&B ----- 10.00

We are SOLD OUT of all the other varieties of Magnolias for this season and have left to offer only small quantities of some of the varieties listed below in grafts and large plants. We will be glad to quote on these upon application.

We will have rooted cuttings available next July and liners and small field grown plants in the Fall of 1948.

M. DENUDATA HYBRID

Hybrid seedling of above variety. Flower very large, 9 petals, ranging in color from white with pink to almost white. Leaves very large.

Magnolia Denundata Hybrid

M. DENUDATA PURPLIANA

Hybrid temporarily named Purpliana. Very large flower, 9 petals, bright clear reddish purple. Leaves slightly smaller in size than other Denudata hybrids. Vigorous upright grower.

M. ALEXANDRINA

Hybrid of Denudata and Liliflora. Similar to Soulangiana, but grows taller and both the flower and foliage much larger; 9 petals, heavily flushed rose purple with darker lines. Leaves somewhat curled and of a very soft texture. Hardy and Vigorous grower.

M. LILIFLORA

Lily shaped flower, 6 petals, dark purple outside and creamy white on the inside. Has many stems from the ground, very bushy. Late bloomer.

M. SOULANGEANA

Most popular variety. Also known as "Saucer Magnolia." White with rose pink base. Most profuse bloomer. Early.

M. SOULANGEANA NIGRA

Similar to *M. Liliflora*, but is colored much darker purple on both sides of the petals.

M. SOULANGEANA LENNI

Flower, large saucer shaped. Very dark vermillion red.

M. SOULANGEANA DARKEST PURPLE

In growth and habits resemble *M. Soulangeana Nigra*, but flowers are larger and have 9 instead of 6 petals.

Color is much darker, almost black.

M. STELLATA (*Star Magnolia*)

Dwarf. Profusion of dainty, delicate pinkish white star shaped flowers.

FLOWERING CHERRY

PRUNUS CAMPANULATA (Winter-blooming Cherry)

Very early. Flower small, single and bell shaped. Every branch covered with brilliant rosy red flowers when in bloom. Thrives in warm regions.

	Each
3-4' graft	2.00
4-5' graft	3.00

We are SOLD OUT of the other varieties which have become very popular in the South in recent years.

Flowering Cherry

PRUNUS YEDOENSIS (Somei-Yoshino)

Grows very rapidly into a large sized tree; planted extensively in parks, roadsides and large plantings. Flower rather small, 3-6 in a corymb or cluster. Pinkish white in color, slightly fragrant. Blooms profusely before young leaves sprout.

FUGENZO (James H. Veitch)

Large double pink. Profuse bloomer. Thrives well in warm regions.

KWANZAN

Very much like Fugenzo. Double pink and very showy.

PRUNUS LANNESIANA (*Oshima Sakura*)

Large single flower, white tinted with pink. Fragrant. Produces an abundance of fruit about the size of blueberries.

EXTRA COPIES MAY SOLVE YOUR GIFT PROBLEMS

Plan CAMELLIA Book!

STIMULATED by the immense interest shown in the recent Camellia show, a group of camellia enthusiasts are planning to bring out a fully illustrated book under the sponsorship of the society.

The two outstanding camellia books before the public at present are connoisseurs' items, and cost \$25.50 and \$15. The aim of the Oregon group is to furnish the amateur camellia fancier complete and practical information in a highly illustrated book, yet publish it at a price within the reach of every garden fan. * * *

ARRANGEMENTS are being made with one of America's foremost color publishers to bring out the volume.

46 FULL COLOR PICTURES

There will be 153 or more illustrations including pictures of 112 popular varieties, 46 of these in natural color, and many "how to do it" planting, pruning, pest control, grafting, etc. Engravings.

Such popular varieties as Kumasaka, Debutante, Victor Emanuel, Magnoliaeflora (Rose of Dawn) which was voted the camellia of the year by the Oregon Camellia society, will be shown.

Growing, planting and cultural information, disease and pest control, will be included, and H. H. Harms, past president of the Oregon Camellia society and a member of the American Camellia society's variety classification committee, will give descriptions of more than 150 varieties. * * *

A QUESTION and answer treatment of characteristic problems of camellia culture, with illustrations and descriptions of species and various bloom forms, and many other articles of interest are being prepared.

The edition will be limited, due to paper shortages, and distribution will be primarily based on advance reservations. The book will have attractive cover and will be sold for \$3.50 the copy.
